

**YOGYAKARTA**

**LIVABLE CITY  
FOR HUMAN**

**MANAGING VIBRANT CITY  
SUITABLE AND SUSTAINABLE  
FOR PEOPLE LIVING**

24th EAROPH World Congress 2014  
Eastern Regional Organization  
for Planning and Human Settlements

Jakarta, 11 August 2014

**H. HARYADI SUYUTI  
MAYOR OF  
YOGYAKARTA CITY**

## **Planning and Development for All ( Citizen as Human Living in City )**

City development and planning cover whole citizens and people who have daily activities in city. The amount of people increases dynamically . Also, the city coverage area enlarge to area of Yogyakarta Urban Agglomeration.

The amount people having daily activities in the day becomes two–three times of city inhabitants.

This condition needs development and planning assuming the concept '*continuous improvement development*'.

## **T H E V I S I O N**

Yogyakarta City as city of highly qualified education, having good character, inclusive city, as cultural based tourism city, and becomes centre of services, which are environmentally friendly and people oriented economics.

## **P L A N N I N G C O N C E P T**

Creating space for people which environmentally friendly, having capacity for inhabitants and urban people. In line with city's development direction in mission to maintain education, tourism, culture, by corresponding government, public, and private sector.

**Making People secure,  
equal, emphatic,  
enthusiastic living in city**

**Not just providing  
Public Infrastructure  
and Facilities as  
Govt obligatory**

Livable city grows up from pleasant kampong

Good city is a good kampong

## LIFE EXPECTANCY

Livable city factually is not just providing public infrastructure and facilities. A good indicator to examine the level of livability is Number of Life Expectancy of the people with qualified condition of health and education.

The number of Life Expectancy of people Yogyakarta City reaches 73,5 years old. This number is the highest average over national scale.

This condition exposes high resilient people combined the high level of health, education, and welfare of people living in livable city.

# BUILDING AN INCLUSIVE CITY

Yogyakarta City develops into an inclusive city. This commitment is adjusted into Mayor's Regulation (local regulation), forming the Committee for Disability Rights Protection and Fulfilment.

This effort encourages disability persons take place into development and planning activities.

In this moment, the city attempts the best way doing development and planning for all people, as well as special need people, disabilities, and also marginal people.
